

TESTIMONIAL FOR THE WEB SITE OF MICHAEL F. POMARICO

We are writing this testimonial for Michael F. Pomarico who originally built our home in 1992. In addition we asked Mr. Pomarico to oversee construction of an addition to our home in 2002. We chose Mike Pomarico after seeing his work which we felt was comparable to the work performed by John's father who was also a custom home builder for high end homes.

Mike Pomarico is as professional as they come and always was accessible. There was never a time that we called for him that he did not return the call within the hour.

Our satisfaction was so high when he built our home that we asked him to coordinate an addition several years later. The quality and craftsmanship is first class and the personal service he provided was more than could be reasonably expected. He made changes that we wanted without complaint and was always courteous and friendly. He takes real pride and puts himself into everything he does. He is customer focused. When each project was completed, there was such a short "punch-list" that we really considered it insignificant.

THE BOTTOM LINE IS THIS: IF WE WERE GOING TO BUILD ANOTHER HOME IN OUR LIFE TIME, MIKE POMARICO WOULD BE OUR CHOICE.
