

My husband and I had the pleasure of doing business with Mike Pomarico in 2001 when he built our house at [REDACTED] Lane in the Town of Newburgh. We have had four houses built by various contractors and Mike was without a doubt head and shoulders above all the rest. We found his prices to be fair and the quality of work that went into our house was unsurpassed. We sold our house two years ago and stating that it was a Pomarico house was a strong selling point in attracting buyers. Mike has a reputation throughout the Hudson Valley for building a superior product. He was always on top of everything during the building process and got right back to us with whatever questions or concerns we had. I would not hesitate to recommend him to anyone who is interested in building a quality house and working with someone who is honest and takes pride in his product. Stella & Rick Denton
