Hey Mike,

Thanks for the opportunity to tell you and all of your internet viewers how much I love my home. Welcome to the world of computers & Good luck with your new web site.

As you know, but many strangers looking at your web site will not – My Dad was a custom home builder. He and I designed and built my first new home. By the time I bought the lot at Lake Osiris my Dad had passed away. My greatest compliment to you was choosing you and your Dad to design and build my home. From your personal drawing on a scrap of paper to the picture attached.

On a hand shake, friendship and trust you built our home. We left for our winter home in Florida in October with a hole in the ground and came back in April to move into our new home. If that is not trust, I don't know what is.

I remember like it was yesterday, not 1999, you calling me in Florida to say "Bern I know you like cathedral ceilings and I have an idea for your master bedroom." I said "I trust you do whatever you think best". You raised the ceiling and moved a window. I thank you every time the moon is full shining into that window lighting up our wonderful room. I can still see your Mom and Dad stopping by, making sure the *job was nice and clean* when we were getting ready to move in. At the end of one year, as you promised, you came back and touched up anything we asked, even though there was really nothing. The picture attached is recent, we still love our home, have had no problems. It is energy efficient, easy to maintain, and cost effective to run. Thanks for all of your ideas that contributed to our end result.

I am not through with the compliments, yet. I am a Real Estate broker working in this field since 1980. Not only did you build my home, but I have sold many of your custom homes to buyers over the years. I am always proud to say my ultimate compliment is that you built my home. I am further pleased to say after all of these years, I have never had a single complaint from anyone who has bought a custom home built by Michael F. Pomarico.

It is my pleasure to have had you build my home and to do business with you all of these years. I am so proud when I represent one of your homes that I always include your name in my advertisements.

FAMILY helping FAMILIES with their REAL ESTATE needs!! My REAL ESTATE slogan that certainly fits your family too. Thanks so much and I am sure we will do this again many times in the future.
